## **Hyde Engineering + Consulting, Inc., Appoints Hardip S. Dosange Director of Northeast Operations**

**BOULDER, CO, December 10, 2009**—Hyde Engineering + Consulting, Inc., (Hyde) is pleased to announce the recent appointment of Hardip Dosange as Director of Northeast Operations and Principal Consultant. Hardip's extensive experience spans more than 18 years, and he most recently served as Director of Global Validation and GMP Compliance Services with Washington Group International, now part of URS Corporation.

Based in Boston, Mass., Hardip will manage and direct the development and further expansion of Hyde's northeast operations. Hardip is an experienced project manager, a proven quality and regulatory compliance manager and an expert in all areas of validation, commissioning and start-up.

At URS, Hardip led a validation and GMP compliance organization spread across the United States and in Puerto Rico, Latin America, and Europe. He co-led the integration of Washington Group International's pharmaceutical capabilities with that of the URS Division and was responsible for marketing and business development initiatives for URS's expanded service offerings on a global level.

"Hardip's expertise and proven track record are very impressive," said Simon Forder, Hyde CEO. "I'm delighted to have Hardip join Hyde's expert team and play a valuable role in the company's U.S. and overseas expansion plans."

Prior to his position with URS, Hardip held senior validation and compliance engineering roles with Alkermes and Genentech as well as a number of service companies.

Hardip received his bachelor's degree in biochemistry from UCLA, and his graduate certificate in project management from UC Berkeley.
