Hyde Engineering + Consulting, Inc., Appoints Shelley Preslar Director of Southeast Operations

BOULDER, CO., May 21, 2009—Hyde Engineering + Consulting, Inc., (Hyde) is pleased to announce that Shelley Preslar has joined the U.S. team as Director of Southeast Operations, based in Raleigh, North Carolina. Ms. Preslar brings more than thirteen (13) years of experience to Hyde and will manage and direct the development and expansion of Hyde’s Southeast operations. Building on her past experiences and contacts, Ms. Preslar will be responsible for operations, business development, recruiting, and developing staff working out of the North Carolina office.

Ms. Preslar most recently served as the Client Sales Executive for Invensys Validation Technologies, where her job responsibilities encompassed supporting projects, growing the company’s service offerings, increasing brand recognition, and adding to the client portfolio. Ms. Preslar previously served as Director of Southeast Operations for Invensys and managed the growth and development of the business in that region.

Ms. Preslar’s previous experience has included senior project management positions with Kendle International and a number of biotech manufacturing companies in the North Carolina area.

“We are thrilled to have Ms. Preslar join the Hyde team,” said Simon Forder, Hyde CEO. “As Hyde works to expand our operations in the Southeast, we wish to continue to serve our clients’ needs with the utmost confidence and attention to detail. Ms. Preslar’s focus on customer satisfaction and quality will ensure that Hyde remains the premier engineering and qualification consulting service in the Southeast.”

Ms. Preslar received her bachelor’s and master’s degrees from the University of North Carolina and holds a PMP (Project Management Professional) certification as well as an MBA in global management. Shelley is an active board member with local industry association chapters of ISPE and PDA, and serves on a variety of committees within those organizations.
